

Who's ready for an adventure?

A discovery tour through the permanent exhibition

Welcome to the Deutsche Hygiene Museum!

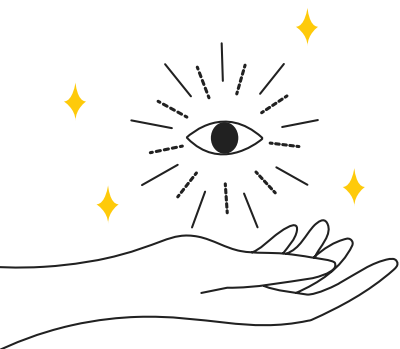

'How do we want to live (together)?' This is the question that we at the museum ask ourselves and each of our visitors every day. Answers differ from one individual to the next. Through an array of interesting artifacts and exciting stories we hope you will get to know the museum (and maybe even yourself) a little bit better. So, without further ado, let the adventure unfold!

Practical tips for teachers:

- ! Have clipboards and pencils ready.
- ! Divide the class into 5 groups of 2-6 members each.
- ! Each group will explore 2 of the 7 rooms of the permanent exhibition.
- ! Decide in advance where the groups will meet up afterwards.
- ! Various topics (e.g. prejudices, self-care, gender diversity) provide further depth for continued teaching.
- ! Estimated time is 45 minutes.

More tips:

- ! The exercises work best when the group members know and trust each other.
- ! Some of the topics are sensitive such as life and death.
- ! Feel free to bring camera phones into the exhibition and some of the exercises require them.
- ! Difficult questions will be marked with a star. ✨

Floorplan of the tour (Rooms 1 to 6):

Tip:

! Make sure to look at the floorplan together before starting the tour. Every group starts in a different room. For example, group B starts in Room 2.
